

VISHNU

WHITEPAPER
Version 1.0

Vishnu is a project that was born after an exhaustive analysis of the world's social problems, most of them focused on cases of low resources for students and violence against women. This token will help us support live charity campaigns.

How?

Through charitable campaigns, initially promoted by the Vishnu team in support of institutions: that support women who suffer domestic violence and / or different types of abuse, children and young people who want to improve themselves academically and do not have the necessary resources.

What's special about Vishnu:

In phase 5 of the project, the community will be able to create its own charity campaigns, the campaigns with the most votes will be financed through a wallet dedicated to donations (3% of the token).

How to vote?

Coin holders will be able to cast one vote per charity campaign, no matter how many tokens they have.

Requirements to create a charity campaign in phase 5:

1

Be a holder of Vishnu

Request our trust verification (the team will verify the identity and / or institution to which the applicant for the charity campaign belongs). In case of requesting a solidarity campaign and being an individual, you must indicate it in the email or in the form.

2

3

Get the highest number of votes in the solidarity season. In the event of a tie, 50% will be awarded to each active campaign.

By purchasing more tokens and becoming owners of our platform, we will be able to support more campaigns.

X amount of money will be allocated to each season, under a slow withdrawal system so as not to affect the currency at one time. This cluster will be published in full transparency on the platform

Outstanding phases: _____

1

Development of the token and web

2

Token presale

3

Platform with solidarity system launch

4

Collecting team-driven charity campaigns

5

Solidarity campaigns created by the community

6

Features and NFT system to add long-term value

About our token

Tokenomics

- 1% BURN
- 4% BACK TO LIQUIDITY
- 2% CHARITY WALLET
